

Project Structure

Date	19 November 2022
Team ID	PNT2022TMID41657
Project Name	AI-Powered Nutrition Analyzer For Fitness Enthusiasts

Project Structure

- ❖ The Dataset folder contains the training and testing images for training our model.
- ❖ We are building a Flask Application that needs HTML pages stored in the templates folder and a python script app.py for server side scripting.
- ❖ We need the model which is saved and the saved model in this content is a nutrition.h5 templates folder containing home.html, image.html, imageprediction.html pages.
- ❖ Statis folder has the css and js files which are necessary for styling the html page and for executing the actions.
- ❖ The Upload folder will have the uploaded images(which are already tested).
- ❖ Sample_images will have the images which are used to test or upload.
- ❖ Training folder contains the trained model file
